

## **Favorite Fundraiser**

### **Make and Sell Suckers**

*Brenda Rogers, Chapman High School, SC*

We make and sell suckers. The recipe is:

2 cups of sugar

1/2 cup white corn syrup

1/2 cup water

Boil until 300 degrees on the candy thermometer and pour into sucker molds. Add a few drops of oil based candy flavoring after it reaches 300.

### **Valentines Cookies**

*Kathy Werner, Swink High School, CO*

As a long-standing tradition at Swink High School the FCCLA members have made and sold Valentines cookies. This tradition dates back more than 35 years. Although it may not bring in the most money, each year Swink students Kindergarten through seniors anticipate the event.

February first is the beginning of the yearly fundraiser, which is enjoyed by many in our community. Cookie orders are taken two weeks prior to the event. Giant sugar cookies measuring five inches across are made in our cafeteria kitchen each night for a week. The cookies are then frosted with a butter cream frosting (some students say this is the only reason they buy so many) and frozen until distribution on Valentine's Day. Members use math skills, organizational skills and food science techniques to make this project a success. Since Valentine's Day often falls during FCCLA week this fundraiser also allows us to gain fun recognition for our organization.

### **JAD Acrylics**

*Melisa Rhodes, Breckenridge High School*

JAD Acrylics-Allows students to order personalized items such as Key chains, Locker Signs, etc.
