

Fulton club has dress-down day

McCONNELLSBURG -- Students from the Family, Career and Community Leaders of America Club (FCCLA) at McConnellsburg High School recently hosted a dress-down day and raised \$1,000 for the New Patient Services Build-

ing to be constructed at the Fulton County Medical Center in McConnellsburg.

The \$1,000-level will give the FCCLA club a naming opportunity of an office in the new building.

If your group or organi-

zation would like to host a fundraiser for the building, contact the FCMC Development Office at 485-6842.

Fulton County Medical Center Foundation was established in August 2008 to support health and wellness in the community.
